

KIDS

"BUDDY" TRACKER

Featuring Track Map & Rules Engine
Everyone on the one screen to Supercharge
your tracking experience!

Need help with the juggle of keeping your child safe and giving you peace of mind?

The balancing act of parenting is a tough gig at the best of times! Keeping your child safe while allowing them to experience all that life provides is a minefield!

By clicking on My Buddy Gard SOS Button, the watch sends out a distress signal and calls the SOS number. Helps to keep your child in contact with you when they need you most

- Does your child suffer from anxiety?
- Does your child have special needs?
- Diagnosed with autism?
- Neurodiverse?
- Have different abilities?
- Or does your child like to wander off?

Our GPS Tracker for Kids is designed for a child to wear on the wrist, just like a normal watch and allows you to locate and communicate with them at any time.

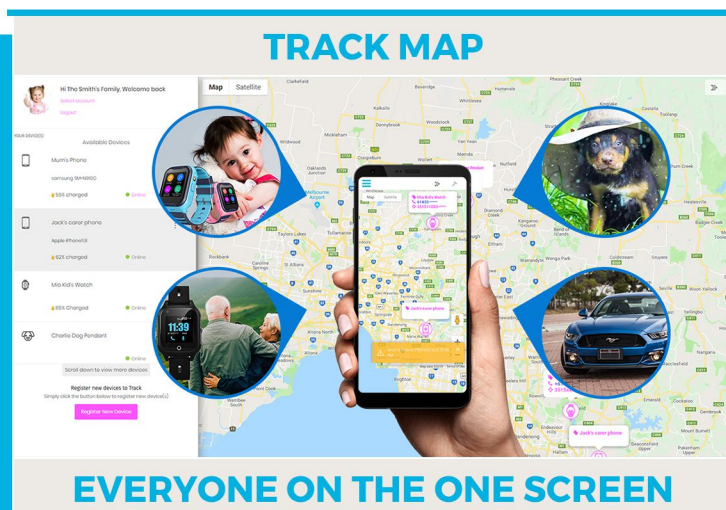

Add your whole support network onto our Track Map via their smart phone to give a complete overview in case of an emergency!

Designed to help you and your child feel safe, organised and have peace of mind!

"I'm so relieved now my child has a Buddy Tracker!"

FEATURES & BENEFITS

- ✔ **'Track Map'** – everyone on the one screen! No more swapping from one app to another. You can have multiple devices: Kids trackers, Adult trackers (elderly parent with dementia), several Car Buddy trackers & all your MBG GO devices ALL on the same map for simplicity and time efficiency (paramount in an emergency)!
- ✔ **Rules Engine** - Our unique feature allows you to fully customise your tracking experience! Add your own rules, triggers and notification options (sms/email). Set across your entire fleet or individually per Buddy. You can set alerts for perimeter breach, low battery etc
- ✔ **SOS button** allows your child to 'call for help' the moment they are distressed. You can talk to your child instantly and give reassurance or direction ("Dads on his way now, stay there"). Nothing soothes an anxious child better than hearing the voice of a loved one!
- ✔ **Listen In Function** - worried about your loved one is being bullied or treated unfairly? Simply activate the listen in feature and find out!
- ✔ **Make Phone Calls** - use your Buddy Tracker to make calls.
- ✔ **Set boundary alerts.** You can set multiple geo fences (safe zones and 'no go' zones) and be alerted the instant one is breached.
- ✔ **4g Network** - All of the My Buddy Gard GPS trackers operate using 4G ensuring the best coverage available!
- ✔ **3 months of stored location history** – look back over to discover a pattern of behaviour.
- ✔ **Find function** is designed to make your Kids Buddy tracker emit a loud sound when activated via "Track Map". If your child is hiding in the house and you can't find them, activate the "Find" function and find them quickly.
- ✔ **Set reminders** for your child to take medicine or attend classes on time.
- ✔ **Water resistant** – Kids get wet, a lot! They can even leave their Buddy on while in the shower!
- ✔ **Large screen** and easy push buttons make it straightforward to operate.
- ✔ Some fun **extra features** your child is going to love including a flashlight and camera.
- ✔ **Long life lithium battery** – can last up to 2 days on standby.
- ✔ **Australian owned and operated!**

It's like having your own personal body guard that helps keep loved ones safe 24 hours, 7 days a week.

Make sure your child has their Buddy with them every day!

Our Buddy Kids tracker is available in Black, Pink and Blue.
