## Who We Are

As a disability service and support organisation, we at C. Home and Community Care strive to make the lives of participants fulfilling by providing the care and attention they require in their life. We operate in Gawler and Wyndham and have qualified support workers working with us. All professionals employed in our organisation are committed to providing unparalleled support to the participants. They try their best to equip the participants with the competencies required to accomplish various tasks without support, thereby helping them attain their goals.

## Know Us Better

At C. Home and Community Care, we have 10 years of experience in assisting participants with personalised care. Being a locally owned and operated organisation, we are dedicated to the welfare of the participants. We offer several assistance services and help them find the right disability tools with which they can move seamlessly. These include wheelchairs, braces, walkers, and other similar equipment.

As an experienced company having the best support workers at our disposal, we also maintain the safety and security of the participants by serving them attentively. Our support workers coordinate with them as well as their family members to assist them better. Additionally, our registered nurses and care providers can capably serve the participants round-the-clock and meet their varied needs.

In a nutshell, C. Home and Community Care is an organisation where you will get

- ◆ High-quality support services
- ◆ Expert assistance from NDIS-registered support workers
- ◆ 24/7 assistance with various tasks
- ◆ Friendly and compassionate support workers

### Our All-Encompassing NDIS Services

You can choose from a wide array of services that we provide at C. Home and Community Care.

## OUR SERVICE

Respite Care  
Short Term Accommodation  
Home Care Assistance  
Household Tasks  
Community Access

### Respite Care

Our support workers assist participants with all household and personal tasks when they are in respite, that is, a place away from their homes or shared spaces. Our professionals serve participants round-the-clock in the new place making sure that they are as comfortable as they are in their home. Besides, our professionals assist participants with travel and transport when they are in respite. That way, visiting the local places of interest such as recreational centres and the community as a whole becomes easier.

### Short Term Accommodation

We provide short-term accommodation for participants in Wyndham where they will get to stay in a disability-friendly facility with 24/7 support provided by us. The participants can stay in these accommodations for a few days comfortably, and we make sure that they get complete care and support that matches the quality of what they get when they are in their homes or shared spaces.

We provide funding for our NDIS short-term accommodation which covers a period of a maximum of 28 days in a year. Also, the participants have the option of staying alone or with a community.

### Home Care Assistance

Our professionals assist participants with various tasks in their homes and help them develop the skills with which they can complete the same independently. However, the program also includes support with basic as well as personal tasks that might be difficult to accomplish otherwise. These include hygiene maintenance, grooming, toileting, etc.

While assisting with these activities, our participants always coordinate with the participants to ensure they do not feel any discomfort or difficulties while performing them.

### Household Tasks

We offer comprehensive support with household tasks and aid participants develop daily life and living skills. Since the prime objective is to reach the NDIS goals, our support workers help with the activities methodically so that they learn to perform them without additional support. Some of these tasks include preparing meals, gardening, cleaning, home organisation, etc.

### Community Access

We help participants access the community that leads to the improvement of their mental and physical well-being. We assist them to the nearby recreational centres such as movie theatres, local libraries, social outings, gatherings, etc. Additionally, our support workers also help accomplish the various tasks assigned to the participant by the community. With that, our caregivers make the right use of NDIS funding so that participants can reach their goals easily.

So, as a participant or his or her family member, you can choose any of these services as per the funding.
