Clarity Care Services is a family-orientated care facility/day respite center. We offer a semi-rural farm experience, with a country atmosphere close to the city. At Clarity Care Services, person-centered support and care are embedded in our Mission and Values. Our dedicated team treats people with dignity, compassion and respect.

Clarity Care Services provides personalized care and support, free from discrimination and enables our participants to recognise and develop their strengths and abilities so they can live an independent and fulfilling lifestyle.

## Are you looking for a family oriented day choice facility/day respite?

Clarity Care Services would love to share our acreage with you, we have 2 large dams, an abundance of wildlife and our Participants are encouraged to choose from a variety of daily activities and outings.

## Do you enjoy participating in community activities and excursions?

Clarity Care Services engages with the local community to ensure that our participants have opportunities to be involved in activities & areas of interest.

## Do you want your independence back?

Clarity Care services supports each participant to make informed choices, exercise control & maximise their independence. Participants are encouraged and supported to fulfil their Goals, Aspirations & Needs.

## Do you enjoy arts and crafts and gardening?

We provide an array of Arts and craft activities, painting, beading, drawing, the list goes on! Along with our arts and craft, being situated on such a unique property allows you to get your hands a little dirty and help to create some Horticulture activities. From the garden to your plate, get inspired cooking your home grown vegies.

## Animal Therapy

Spending time with animals can be a form of therapy for some people, and we invite you to try it with us.

We live and operate Clarity Care Services on a large farm in the beautiful Thornlands region. This farmland will allow us to keep different types of animals, all of whom have their own unique personalities and needs. Animals help humans in so many ways, from professional support or offering us love and companionship in our daily lives.
