

Who We Are

Background

At Matan Care we provide a range of disability services. With the range of services, we provide, we aim to make a difference in the lives of those with disability. The goal is to make each of our participant's lives easier, fairer and more involved by participating within their own communities. Matan Care is a company that was established with the sole aim of offering disability services that puts the participant as a priority in creating opportunities, promoting independence and progression in a safe and non-discriminative environment.

Values Statement

To excel as a community disability services provider. Our values are centred around our staff, participants and their families or guardians.

Respect–We respect people's decisions, opinions, and views.

Honesty–We are trustworthy and tell the truth to keep our promise to you.

Privacy and Confidentiality–This is of utmost importance as outlined in our Privacy and Confidentiality Policy and Procedure.

Development and Improvement– We will identify, with your help, where we can develop projects. We always work to improve our services and to uphold the Service Standards. Your feedback is always valued.

Safe and Harmonious working environment–We offer a workplace that provides support, guidance and acceptance to staff and participants.

Passion–We have a passion to our work ethics. Every member of staff is passionate about his work and takes the participant as part of the family.
