

## LIFELONG BENEFITS

Aware's programs can assist in developing social and emotional capabilities and life skills, leading to increased confidence from participation in the community.

## SUPPORT

Supported employees have access to a team of trainers, a welfare officer and administration support.

## NDIS FUNDING

The National Disability Insurance Scheme (NDIS) is the new way of providing individualised support for people with disability, their families and carers. The NDIS is the insurance that provides peace of mind.

The NDIS provides eligible people a flexible, whole-of-life approach to the support needed to pursue their goals and aspirations and participate in daily life.

The training and lifestyle programs are suitable for people with an NDIS plan.

*Aware's programs are designed to assist people with a disability access to meaningful employment and a range of training and lifestyle activities.*
