### **Our Psychologists & Counsellors**

*Counselling Works psychologists and counsellors provide comprehensive therapeutic support to children, adolescents, individuals, couples and families.*

We offer the expertise of highly qualified and experienced registered clinical and counselling psychologists to improve your mental health and emotional well-being. Our registered psychologists are highly experienced working with children, individuals, families, work related issues and a combination thereof.

They utilise a variety of therapeutic interventions such as Acceptance Commitment Therapy, Psychotherapy, Narrative and Solution Focused therapies.

### **Forensic, Family Law and Criminal Law Reports**

Counselling Works experienced Clinical Psychologists provide independent psychological assessments and forensic, family law and criminal law court reports when required. Our psychologists have an in-depth understanding of the court processes, procedures and relevant Victorian legislation. We have an ongoing commitment to the provision of psychological services to client groups requiring assessments and assistance in achieving rehabilitative outcomes within the social justice requirements of the court.
