

Why choose us

In Australia, care for our disabled and elderly is primarily outsourced to strangers. And that's not a bad thing – we just need to make sure that when we choose someone to provide that care, we choose the right person.

Dynamic Support Solutions (DSS) is that team.

'My life experience caring for my sister has developed into a personal mission to support the elderly and disabled, providing relief to their families and dignity to them'....

Director Lamin Fatty

About US

Dynamic Support Solutions (DSS) is a registered NDIS provider headquartered in the state of New South Wales specializing in the business of NDIS, home care, and private care services. We aim to transform the way that care is delivered today by motivating, empowering and mobilizing people and communities to care about people around them.

Our Services about removing pressure from families and empowering their loved ones to live the life they want to lead. Because our elders are people to be respected and loved, and they deserve every piece of dignity we can provide.

Our team of trained professionals work in concert with the disabled and elderly people, and their families, to develop an individualized plan focused on achieving optimal physical, mental and emotional health.

Services

Dynamic Support Solutions services provide the following areas:

Household Tasks

- Cleaning,
- Meal preparation,
- Domestic Assistancess,
- Hoarding and squalor services.

Assist Travel/Transport

- Door to door trips to see your family and friends,
- Shopping,
- Attending doctors appointments,
- Attend community activities and recreation

Assistance with Daily Personal Activities

- Personal care,
- Inactive and Active sleepover

Community Nursing

our nurses can also support you if you have a period of illness or hospitalisation, or on a more regular basis if required.

Community Participant

By supporting individuals, organisations, towns and regions throughout South Western Sydney, we help build the types of communities people want to live in. The centre for participation's focus on community support includes a range of programs and services designed for social connections, build community resilience, and assist vulnerable people in our region.

Specialist Support Coordination

Often requires the know how to deal with multiple agencies and reduce complexity in participants environment. Managing complex in challenges in health, housing takes a certain level of specialist knowledge.

Support Independent Living (SIL)

Provides funding to supervise your daily life tasks while in a shared living environment. The service is available to anyone living in private rental.

Specialist Disability Accommodation (SDA)

Accommodation for NDIS participants who needs specialist housing and assistances due to high support needs. We match you with a home that already receives the necessary level of support service, so all you have to do is move in.

Assist Life Stage, Transition

We will work with you to develop a person-centred plan that encompasses your goals

We've been there before.
