for more information.

## Our Mission:

**To provide a cost effective transport option to those with restricted mobility.**

Our new small business is owned and operated by 2 local CQ guys who have witnessed firsthand the difficulties & frustration experienced by those with limited mobility. We are not competing with the Taxi Cabs or Community Transport providers but rather providing an option to rent a suitable vehicle for one or many days. The carer or family member can drive the vehicle themselves to transport a wheelchair passenger plus others to attend family outings, weddings or other special events or just get away from it all for a day or two and visit our magnificent coast!

NDIS approved Service Provider.
