WHAT WE DO

Lighthouse disability services is a short-term accommodation service that provides support on a pre booked basis, to people with a disability – specialising in brain injury support. Participants living in NSW can access this service 24 hours a day, 7 days a week. We also have fully trained professional staff on duty 7 days a week, to provide participants with daily living assistance to the highest standard of care. We also provide therapeutic services such as counselling and supports which require a social worker.

SERVICE ACTIVITIES

We offer access to the local community and meaningful activities to work on clients' individual goals and interests. Talk to us to see what we can offer when accessing short-term accommodation. Some activities include visiting and participating in social outings at local shopping centres, libraries, movies, restaurants, clubs and parks.

SHORT TERM ACCOMODATION

Lighthouse is a spacious 6 bedroom accommodation in Parklea that has wheelchair access. It has an undercover entertaining & BBQ area for participants to enjoy socialising with their fellow participants. Family and friends are welcome to come and visit the participants during their stay. The house offers a very pleasant and friendly environment and 'a home away from home feeling', for participants to socialise and meet other participants and create new friendships.

OUR VISION

Our aim is to provide a caring environment and support for participants, 24 hrs a day, to enable them to enjoy their short time away from home, all while feeling empowered to make their own individual choices and decisions.
