

Our Staff

All Love Life Counselling staff are caring and professional. Each member of staff is uniquely qualified in their area of expertise.

All of our counsellors, therapists and disability support specialists receive ongoing training to be able to meet your needs. We maintain up-to-date professional standards and ensure our staff receive proper professional development.

Where there's love, there's life.

Love Life Counselling provides mental health services to our community and we are a registered NDIS provider of disability support services to people with disability.

Values

Our vision is for a world where everyone belongs and everyone grows.

Our mission is to provide personalised counselling and disability support services, with the goal of improving the mental health and well-being of our community.

We value

Respect

Respect for the client and respect for our team.

Person-Centred Service

We put our clients at the centre of everything we do.

Integrity

We uphold high-quality, ethical, professional and non-judgemental standards and practices.

Collaboration

We work closely with our client, and partner with other like-minded service providers, professionals and businesses to best support our clients.

Services

We believe that everyone has the right to be treated with respect and dignity. A key reason to work with us is our high quality therapeutic and disability support services. One size does not fit all, each person is unique and significant, so we will work together with you towards your therapy and support goals. You will be met with compassion, understanding, flexibility and a non-judgemental counsellor or support worker.
