Financial Plan Management

Taking care of NDIS provider payments so you have more time for yourself.

What is NDIS Plan Management?

Plan Management is a financial administration service available to National Disability Insurance Scheme (NDIS) participants.

The service coordinates claims and payments for disability supports on your behalf, taking care of the bills and leaving you to concentrate on achieving your goals.

All eligible NDIS participants are entitled to receive Plan Management within an NDIS plan and the service is a funded support. There is no out-of-pocket expense.

The Benefits

- Guidance - Make the most of your NDIS funding with the guidance and support of trained professionals.
- Flexibility - Choose who provides your supports – MOIRA Financial Plan Management is able to pay both NDIS registered and non-registered service providers.
- Control - Keep full control of your NDIS funding, with regular funding statements to help keep track of spending.
