

FUNDING

Oapl are a registered NDIS provider

The NDIS (National Disability Insurance Scheme) is a new program designed to allow Australians with a permanent disability the opportunity to access a new funding model that is tailored to their needs.

Once registered, oapl in conjunction with your National Disability Insurance Agency (NDIA) Planner can help assist in developing a personalised program for your prosthetic and orthotic requirements.

Other funding options

oapl's clinical team is available to assist you with identifying funding options and facilitating funding applications. We are approved providers for the majority of state and federal government funding bodies, DVA, WorkCover, TAC and more..

Services that we offer include:

- Clinical Assessments
