## OUR HISTORY

We aim to provide leading care services for those in need throughout the community.

Collaborating with staff, families and friends allows us to strive for a better future for people with impairments and disabilities. We are a proudly registered NDIS Provider and can assist you to arrange, manage and apply the necessary process for your NDIS in the most useful possible way. We also recognise that your needs are an integral part of your lifestyle and wellbeing and we aim to help and cater accordingly by putting you first. Whether your seeking someone you can trust to help with everyday tasks, learning new skills, go out and enjoy a little freedom within the comfort of your own home, we can help.

## ABOUT US

### OUR STAFF

Pacific DisAbility Services aims to provide care excellence, particularly for people with diverse abilities from diverse communities. We can only do this because of our qualified and highly experienced staff with the expertise to deliver excellence.

### OUR SERVICES

We provide a wide range of professional services to meet your needs. We promise to provide every service with a smile, and to your highest level of satisfaction.
