Therapy Anywhere Anytime

Speech Pathology | Occupational Therapy | Psychology | Dietetics | Physiotherapy
Therapy Connect offers online therapy services using video conferencing technology at a location that suits, at a time that suits.

Our aim is to provide increased choice and access to high quality therapy supports.

We offer a coordinated team approach, meaning that people can access high quality 'Therapy Anywhere, Anytime'. Our services are ideal for people who find it difficult to access a therapist, live remotely or find it difficult to travel.

IT'S EASY

You can make an appointment and set the frequency that is convenient for you.

NO TRAVEL TIME OR EXPENSE

Therapy Connect services are ideal for clients who live remotely or find it difficult to travel.

IT WORKS

You can receive effective online therapy supports. There is evidence that clinical outcomes and satisfaction is equivalent to face to face therapy.

CLIENTS STAY IN THEIR NATURAL SETTING

Therapy Connect can conduct sessions with clients at home, school or community settings.

WE ARE EXPERIENCED

Highly trained, professional and experienced. Therapy Connect incorporates best practice evidence into your therapy.
